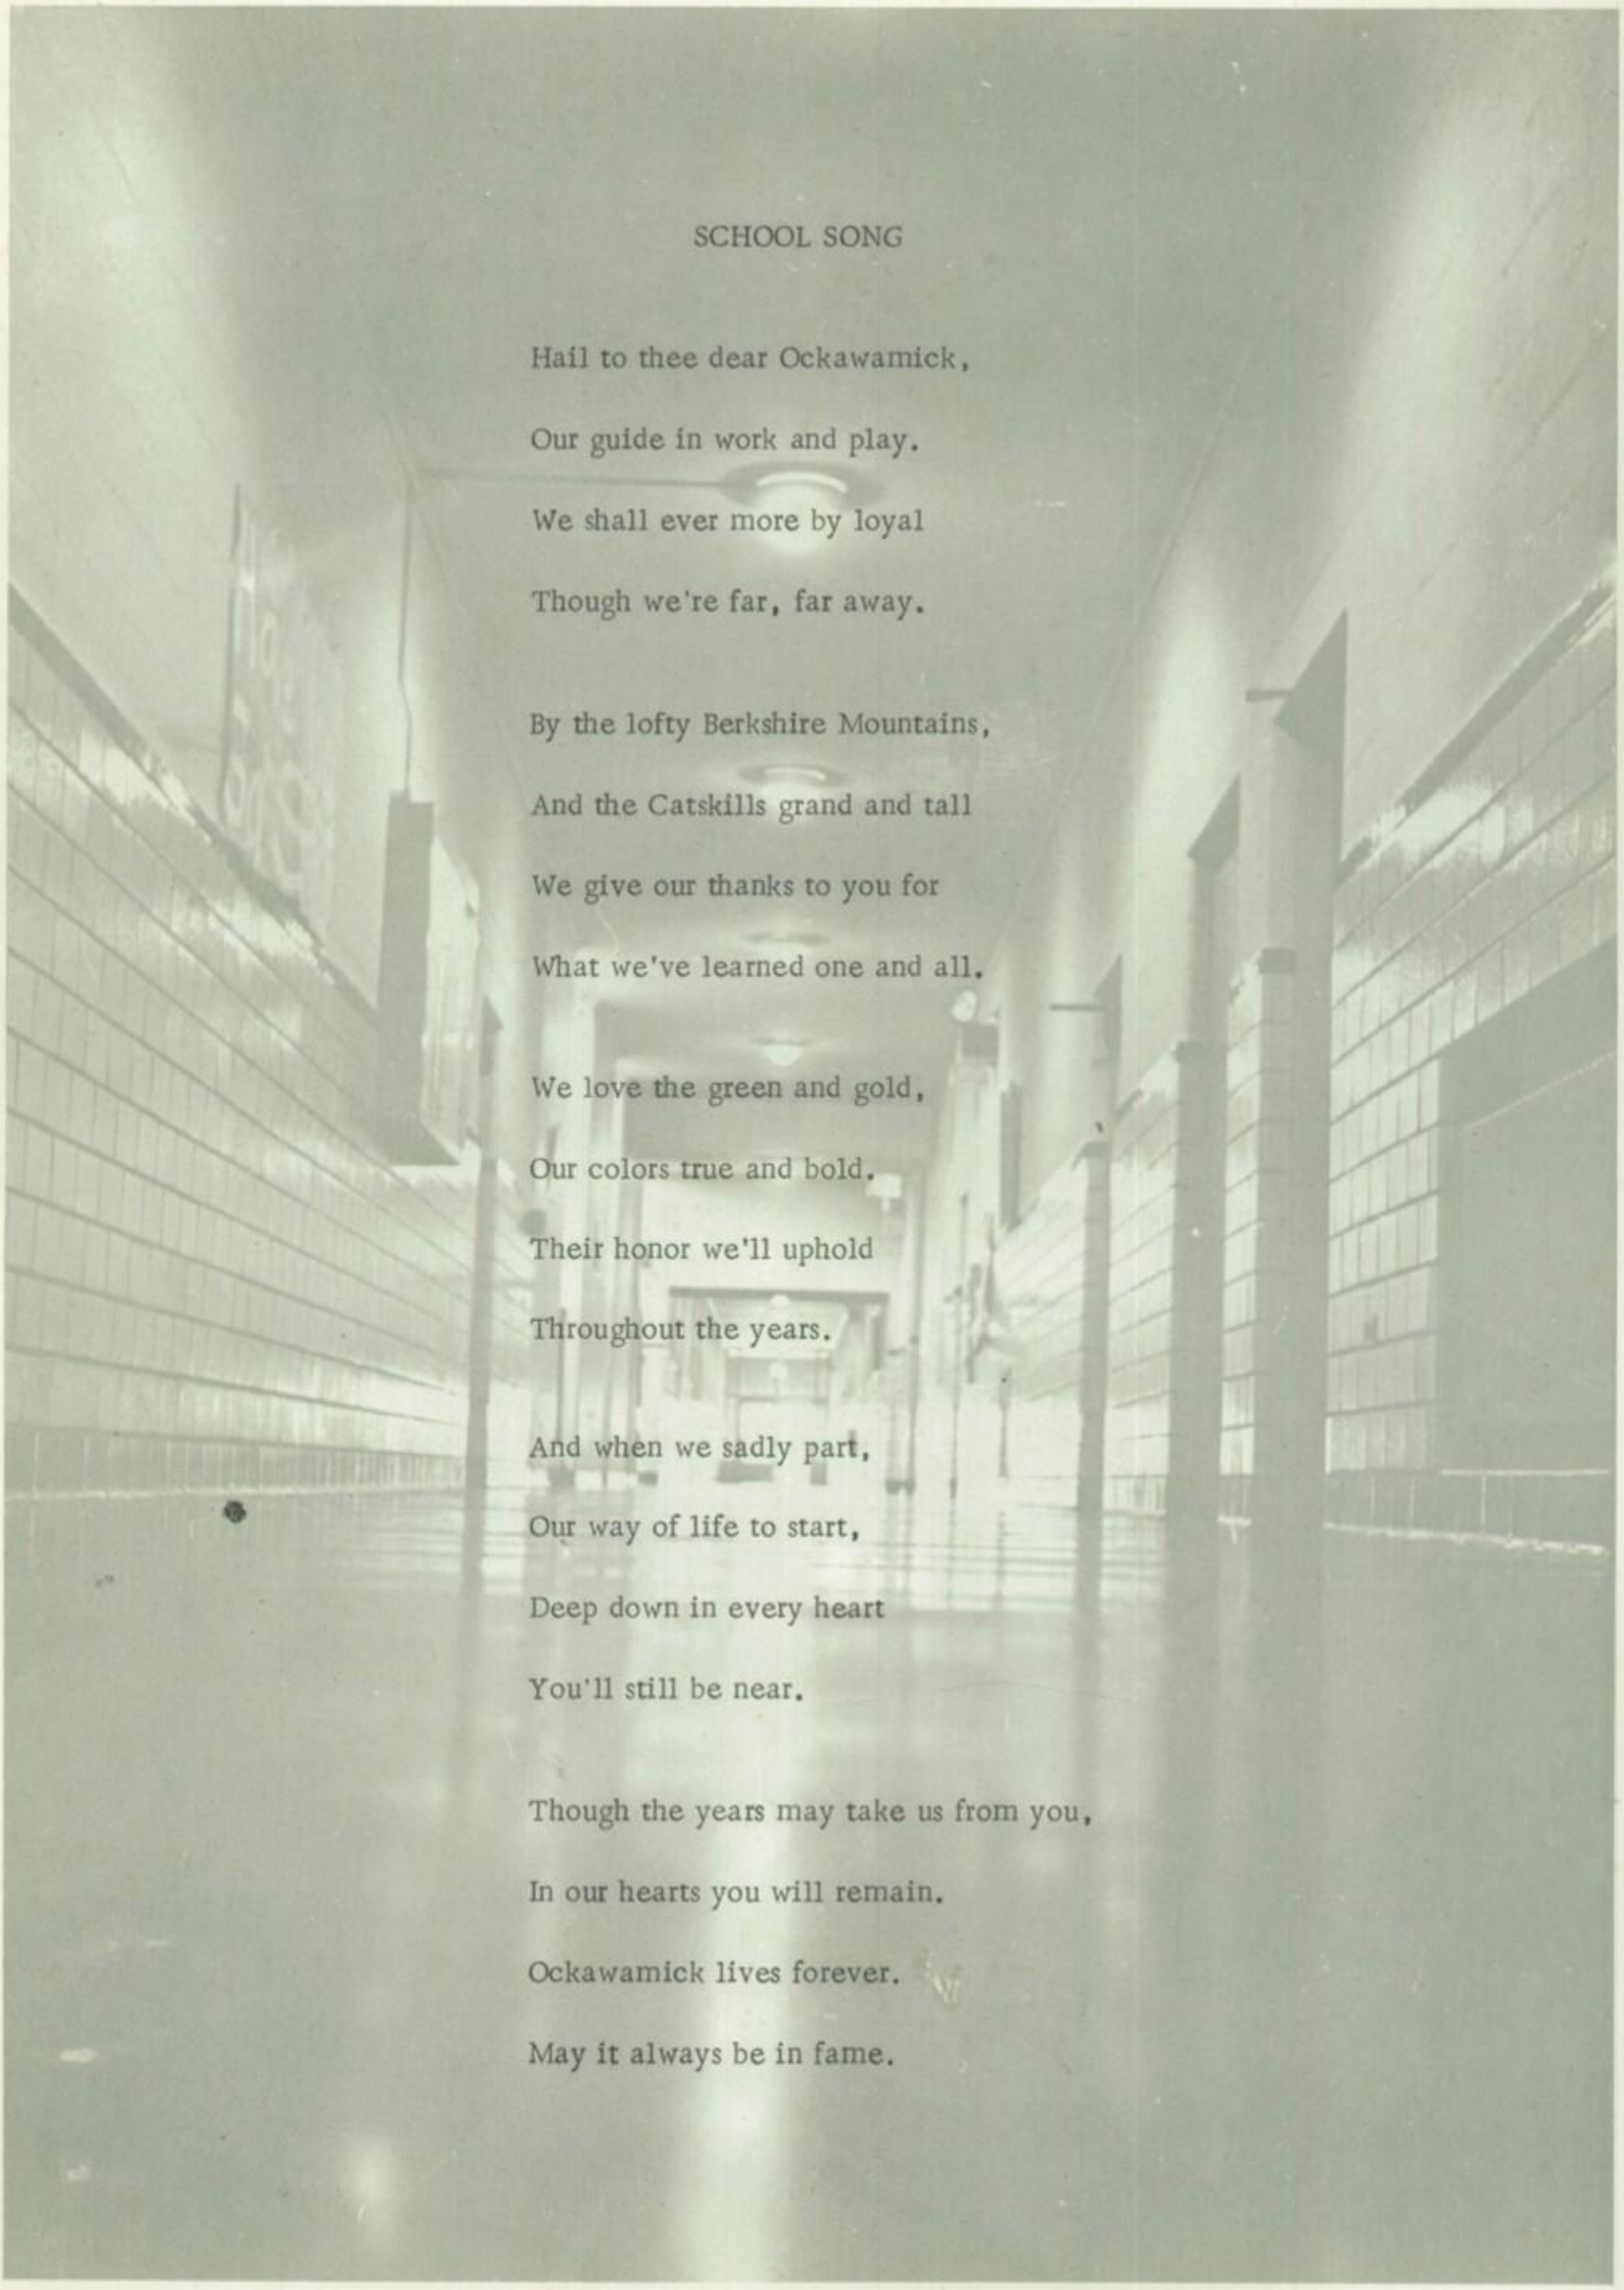
OCKAWAMICK HIGH SCHOOL



SCHOOL SONG

Hail to thee dear Ockawamick,
Our guide in work and play.
We shall ever more by loyal
Though we're far, far away.

By the lofty Berkshire Mountains,
And the Catskills grand and tall
We give our thanks to you for
What we've learned one and all.

We love the green and gold,
Our colors true and bold.
Their honor we'll uphold
Throughout the years.

And when we sadly part,
Our way of life to start,
Deep down in every heart
You'll still be near.

Though the years may take us from you,
In our hearts you will remain.
Ockawamick lives forever.
May it always be in fame.

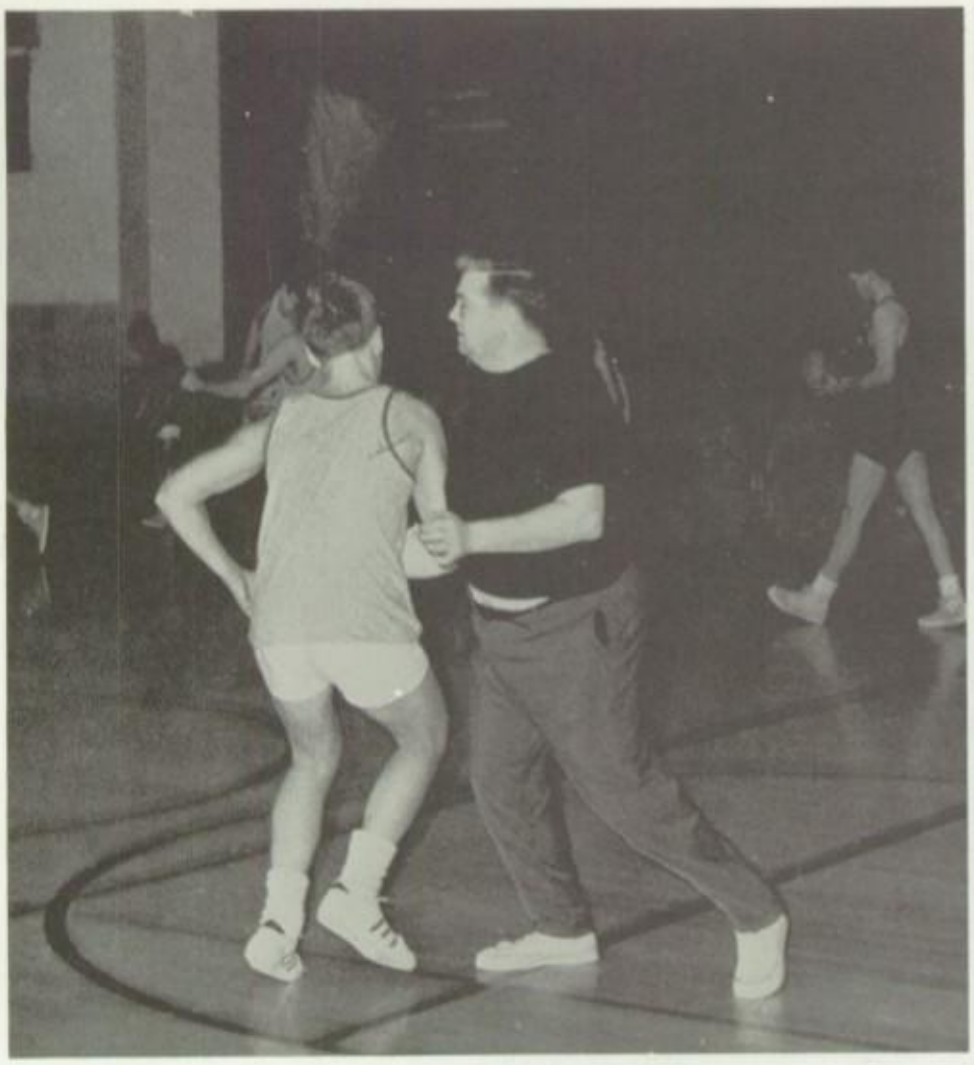
I remember . . .
when I was small
all were so tall,
and spelling love was new to me.

DEDICATION

This dedication goes to someone who has been much more than just a teacher to us. You saw us through our junior high years as a social studies teacher and a home-room teacher to some of us. We all know you as a coach who gives up much of his time for the team, and some of us have had the privilege of playing for you.

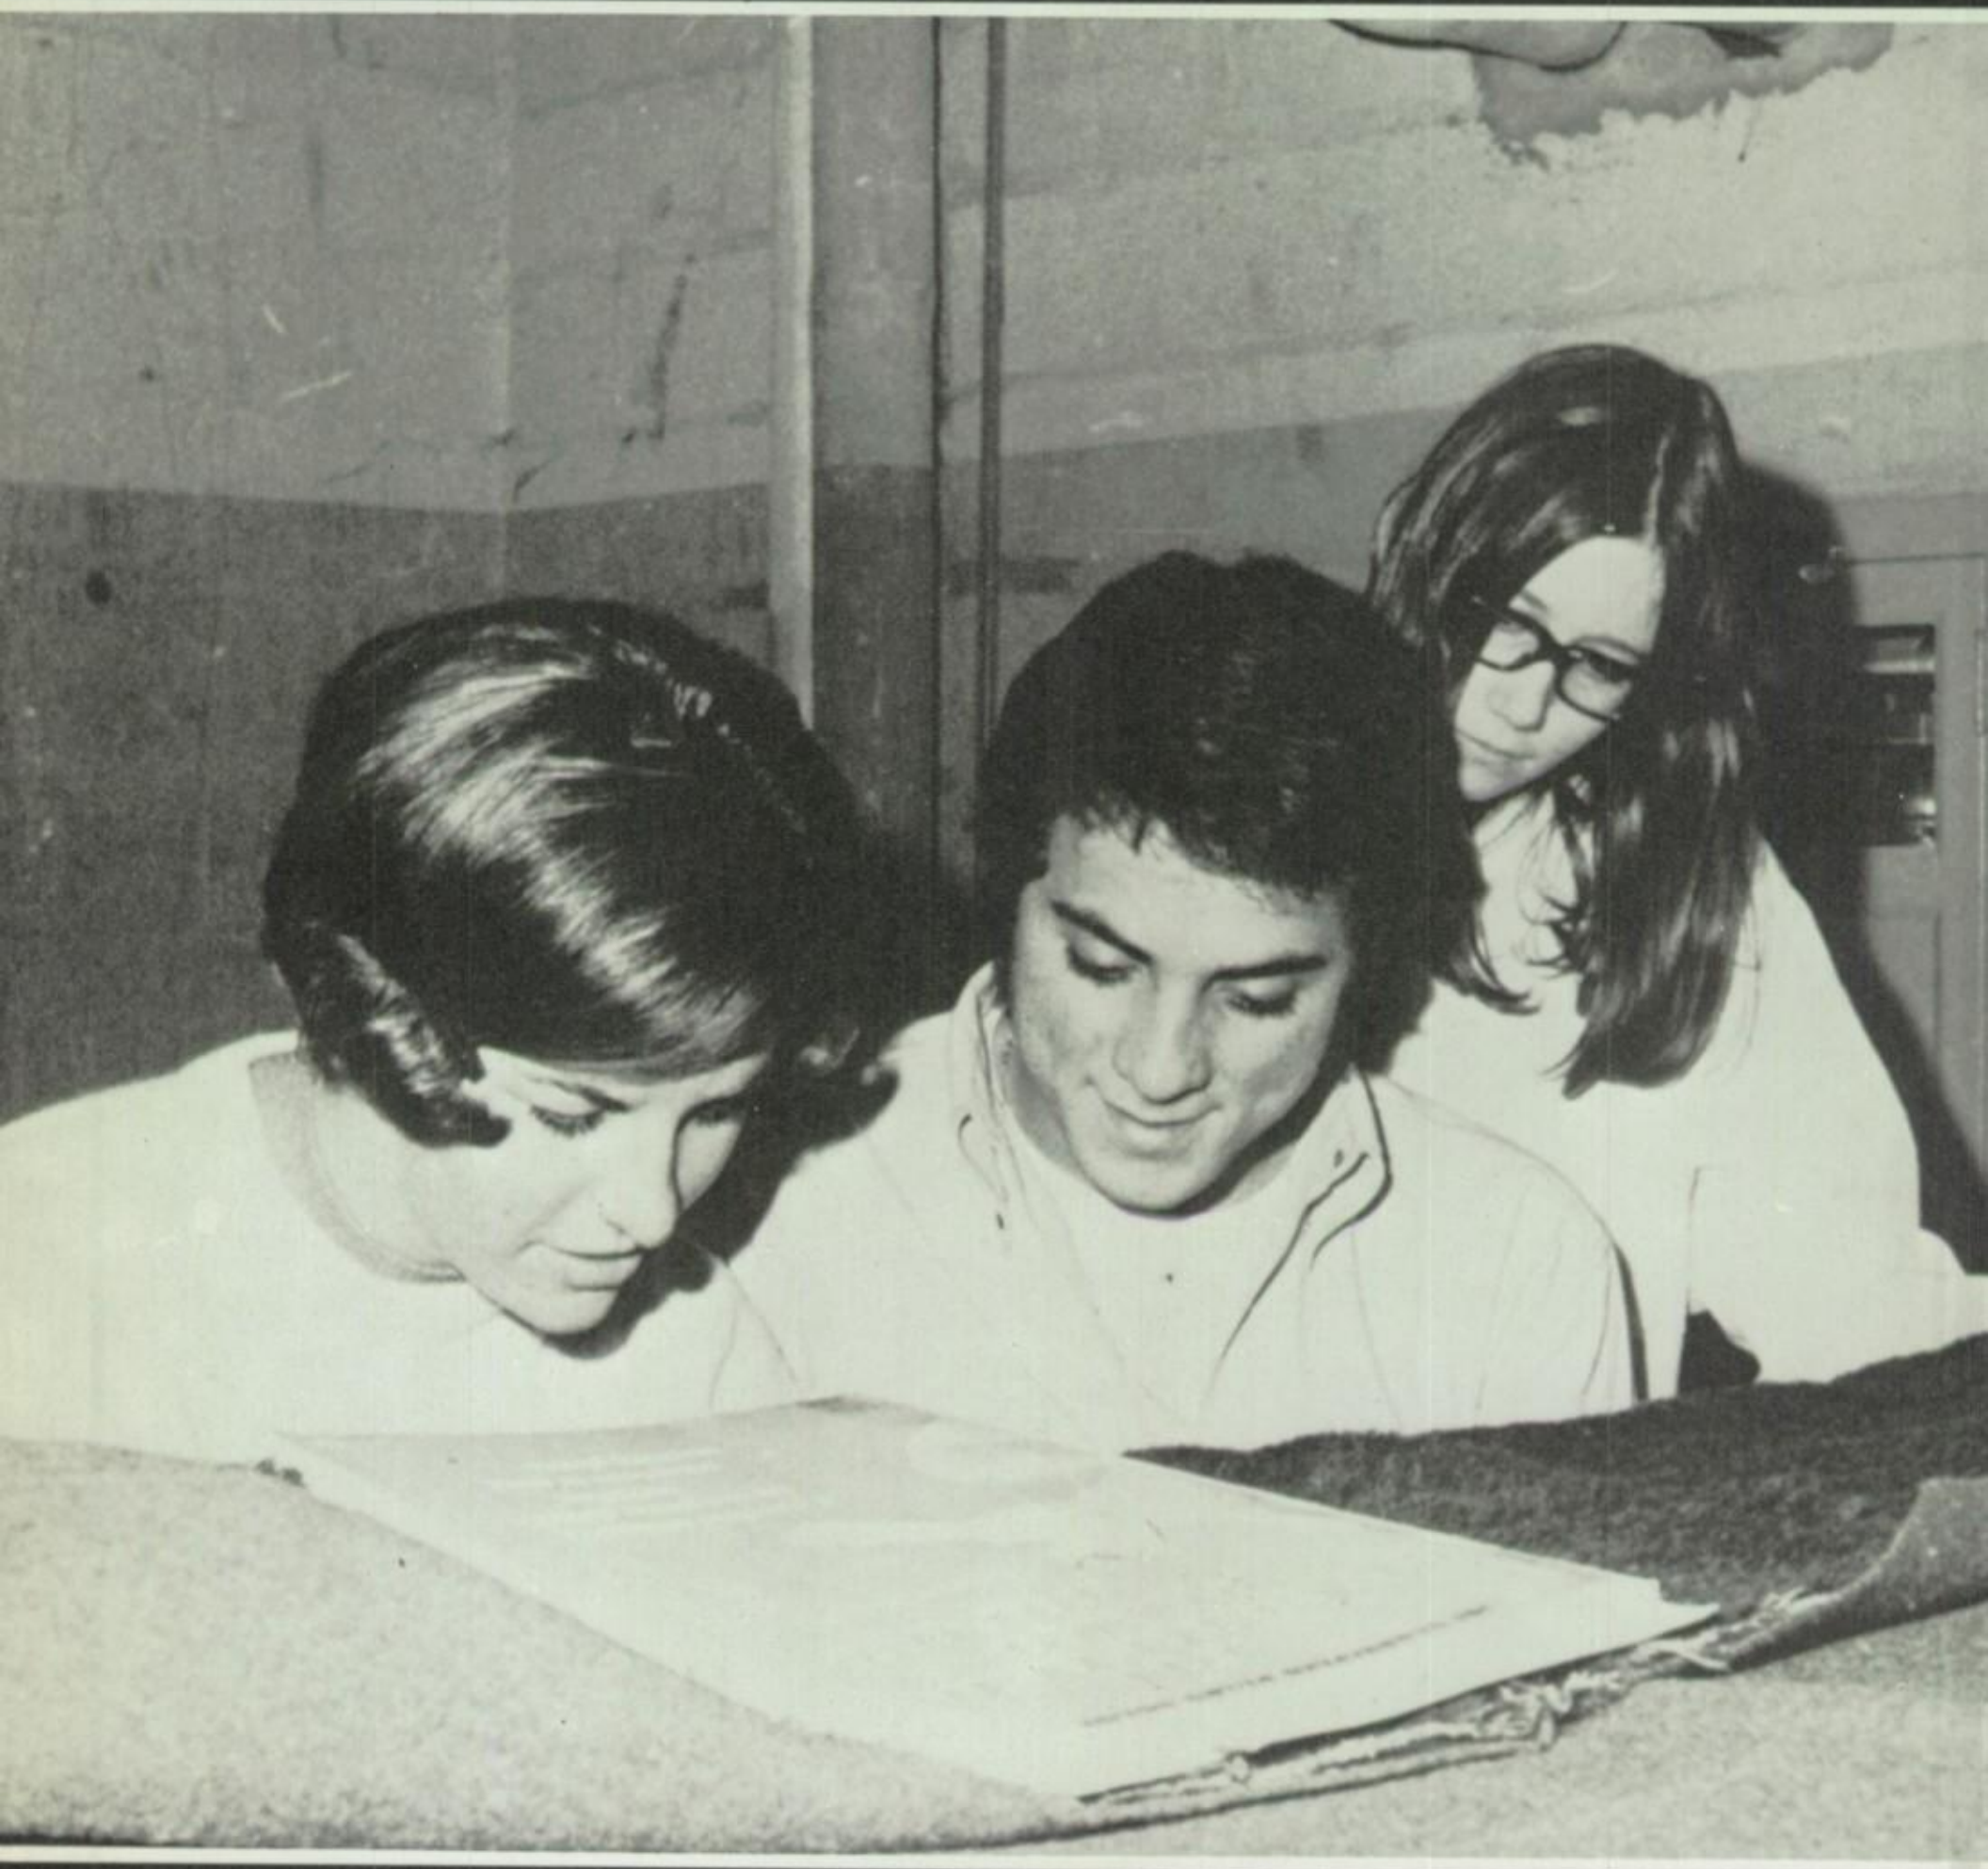
But more than this, you have been a friend, someone whom we could come to, someone who would listen when we needed a listener. For being our teacher, coach, and above all friend, we, the Class of 1971, are proud to dedicate our yearbook to you,

Mr. Bailly



FACULTY

AND ADMINISTRATION



PRINCIPAL'S MESSAGE

To the Class of 1971:

The faculty and I commend you upon the achievement of high school graduation.

As you stand upon the threshold of tomorrow, we can but hope that Ockawamick has provided some nurture in preparing you to undertake the future.

You are anxious to throw-off the yoke of adult and parental guidance and to assume the helm of your own new, and better ship. We wish you well with both joy and caution; caution that you avoid abandoning the old until convinced that the new is seaworthy.

Regardless, we are behind you and our wish is always for the best.

Sincerely,
HOWARD M. RHODES
High School Principal

IN MEMORIAM

DAVID BEEBE
(1953-1970)

David Beebe lost his life through a tragic plane crash last August in the mountains of Peru while serving as our foreign exchange student. We feel that David can best be remembered through his own words in an essay he wrote for the exchange program:

"There are several values that I consider to be very important in life. One of them is to be the best possible person I can. Another is to help those who are less fortunate than I, and to strive for and attain the pinnacle of success in my chosen profession.

Personally I hope to gain several things from this trip. One is to fullfill an aching desire to see the homeland of the Incas. Another is the fact that I will have had the opportunity to observe another culture, and the third would be the pride I would have in knowing that I was chosen to represent my country.

I hope my visit to a foreign country will be as representative of the United States as possible, and I f e r v e n t l y hope that I will only be able to strengthen the bonds of friendship between the U.S. and a foreign country."

EXCHANGE STUDENTS: Alvaro Arosemena, Mark French, Jorge Duaililee

Mark D. French:

This last summer for ten weeks, thanks to the Rotary Club of Philmont, I lived in the most beautiful city in the world, Rio de Janeiro, Brazil. My family, three brothers, (18,22,24) and my mother and father who owned two businesses, were great. The Brazilians are very friendly people and made me one of the group the day I arrived. Life is easy; the beaches are fantastic; and the language, Portugese, is beautiful. Some day I would like to return to visit my friends.

My name is Alvaro Arosemena, I am from Ecuador, a small country in South America. The population is near six million. The name of my city is Guayaquil, with 700,000 people. My father's name is Guillermo. My mother's name is Leticia. I have four sisters and three brothers. Their names are: Glenda, Leticia, Guillermo, Laura, Flavio, Veronica, David. I have never left my country before, but I decided to come here, to learn English and to visit the country. This trip has been a big experience for me. During my stay so far everything has gone well. My last word is for the Ockawamick School, which is a good school.

My name is Jorge Duaililee and I am from Sao Luis, Brazil. I have three brothers and one sister who teaches English and French, all living at home. My father is a medical doctor. My mother keeps busy at home and is a teacher. I like the American people very much, because they are very friendly. This is the first time that I've seen snow, and I like it very much. The name of the school in Brazil from which I graduated last December is Colegio Universitario. When I return to Brazil, I plan to study at the University for a medical Degree.

THANK

FROM THE CO-EDITORS: THANK YOU to everyone who helped bring this into existence. We would like to extend a special thanks to Mr. Gibbons, our advisor, who saw us through many trying hours, and also, to Mr. Knitt, who is responsible for most of the good photography in our yearbook.

We hope years from now you'll flip through the pages and recall many happy hours of your years at Ockawamick.

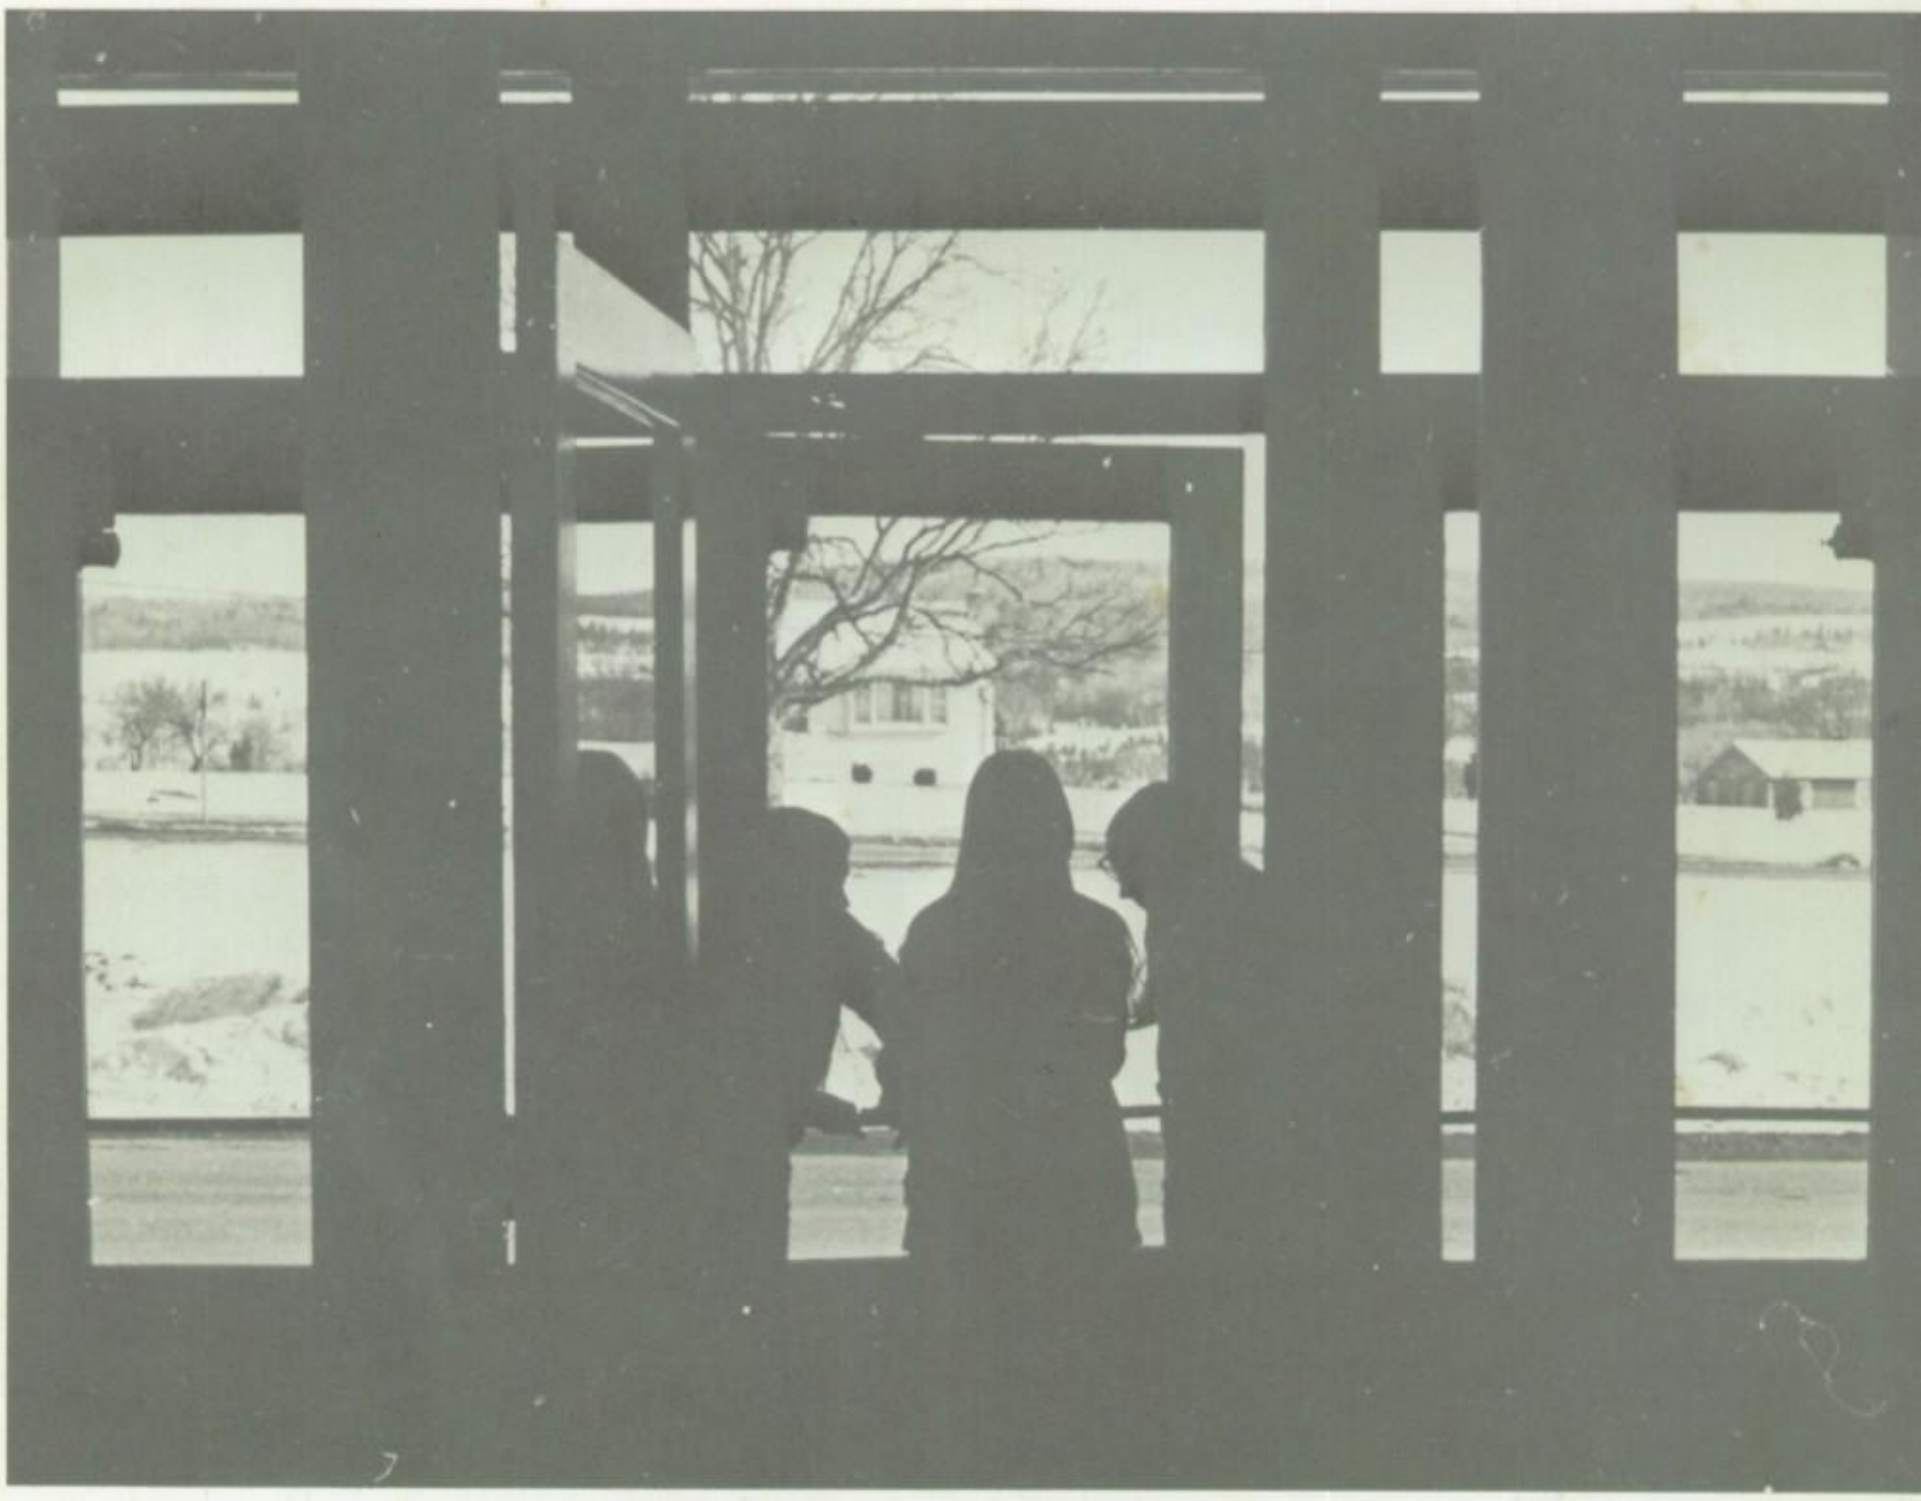
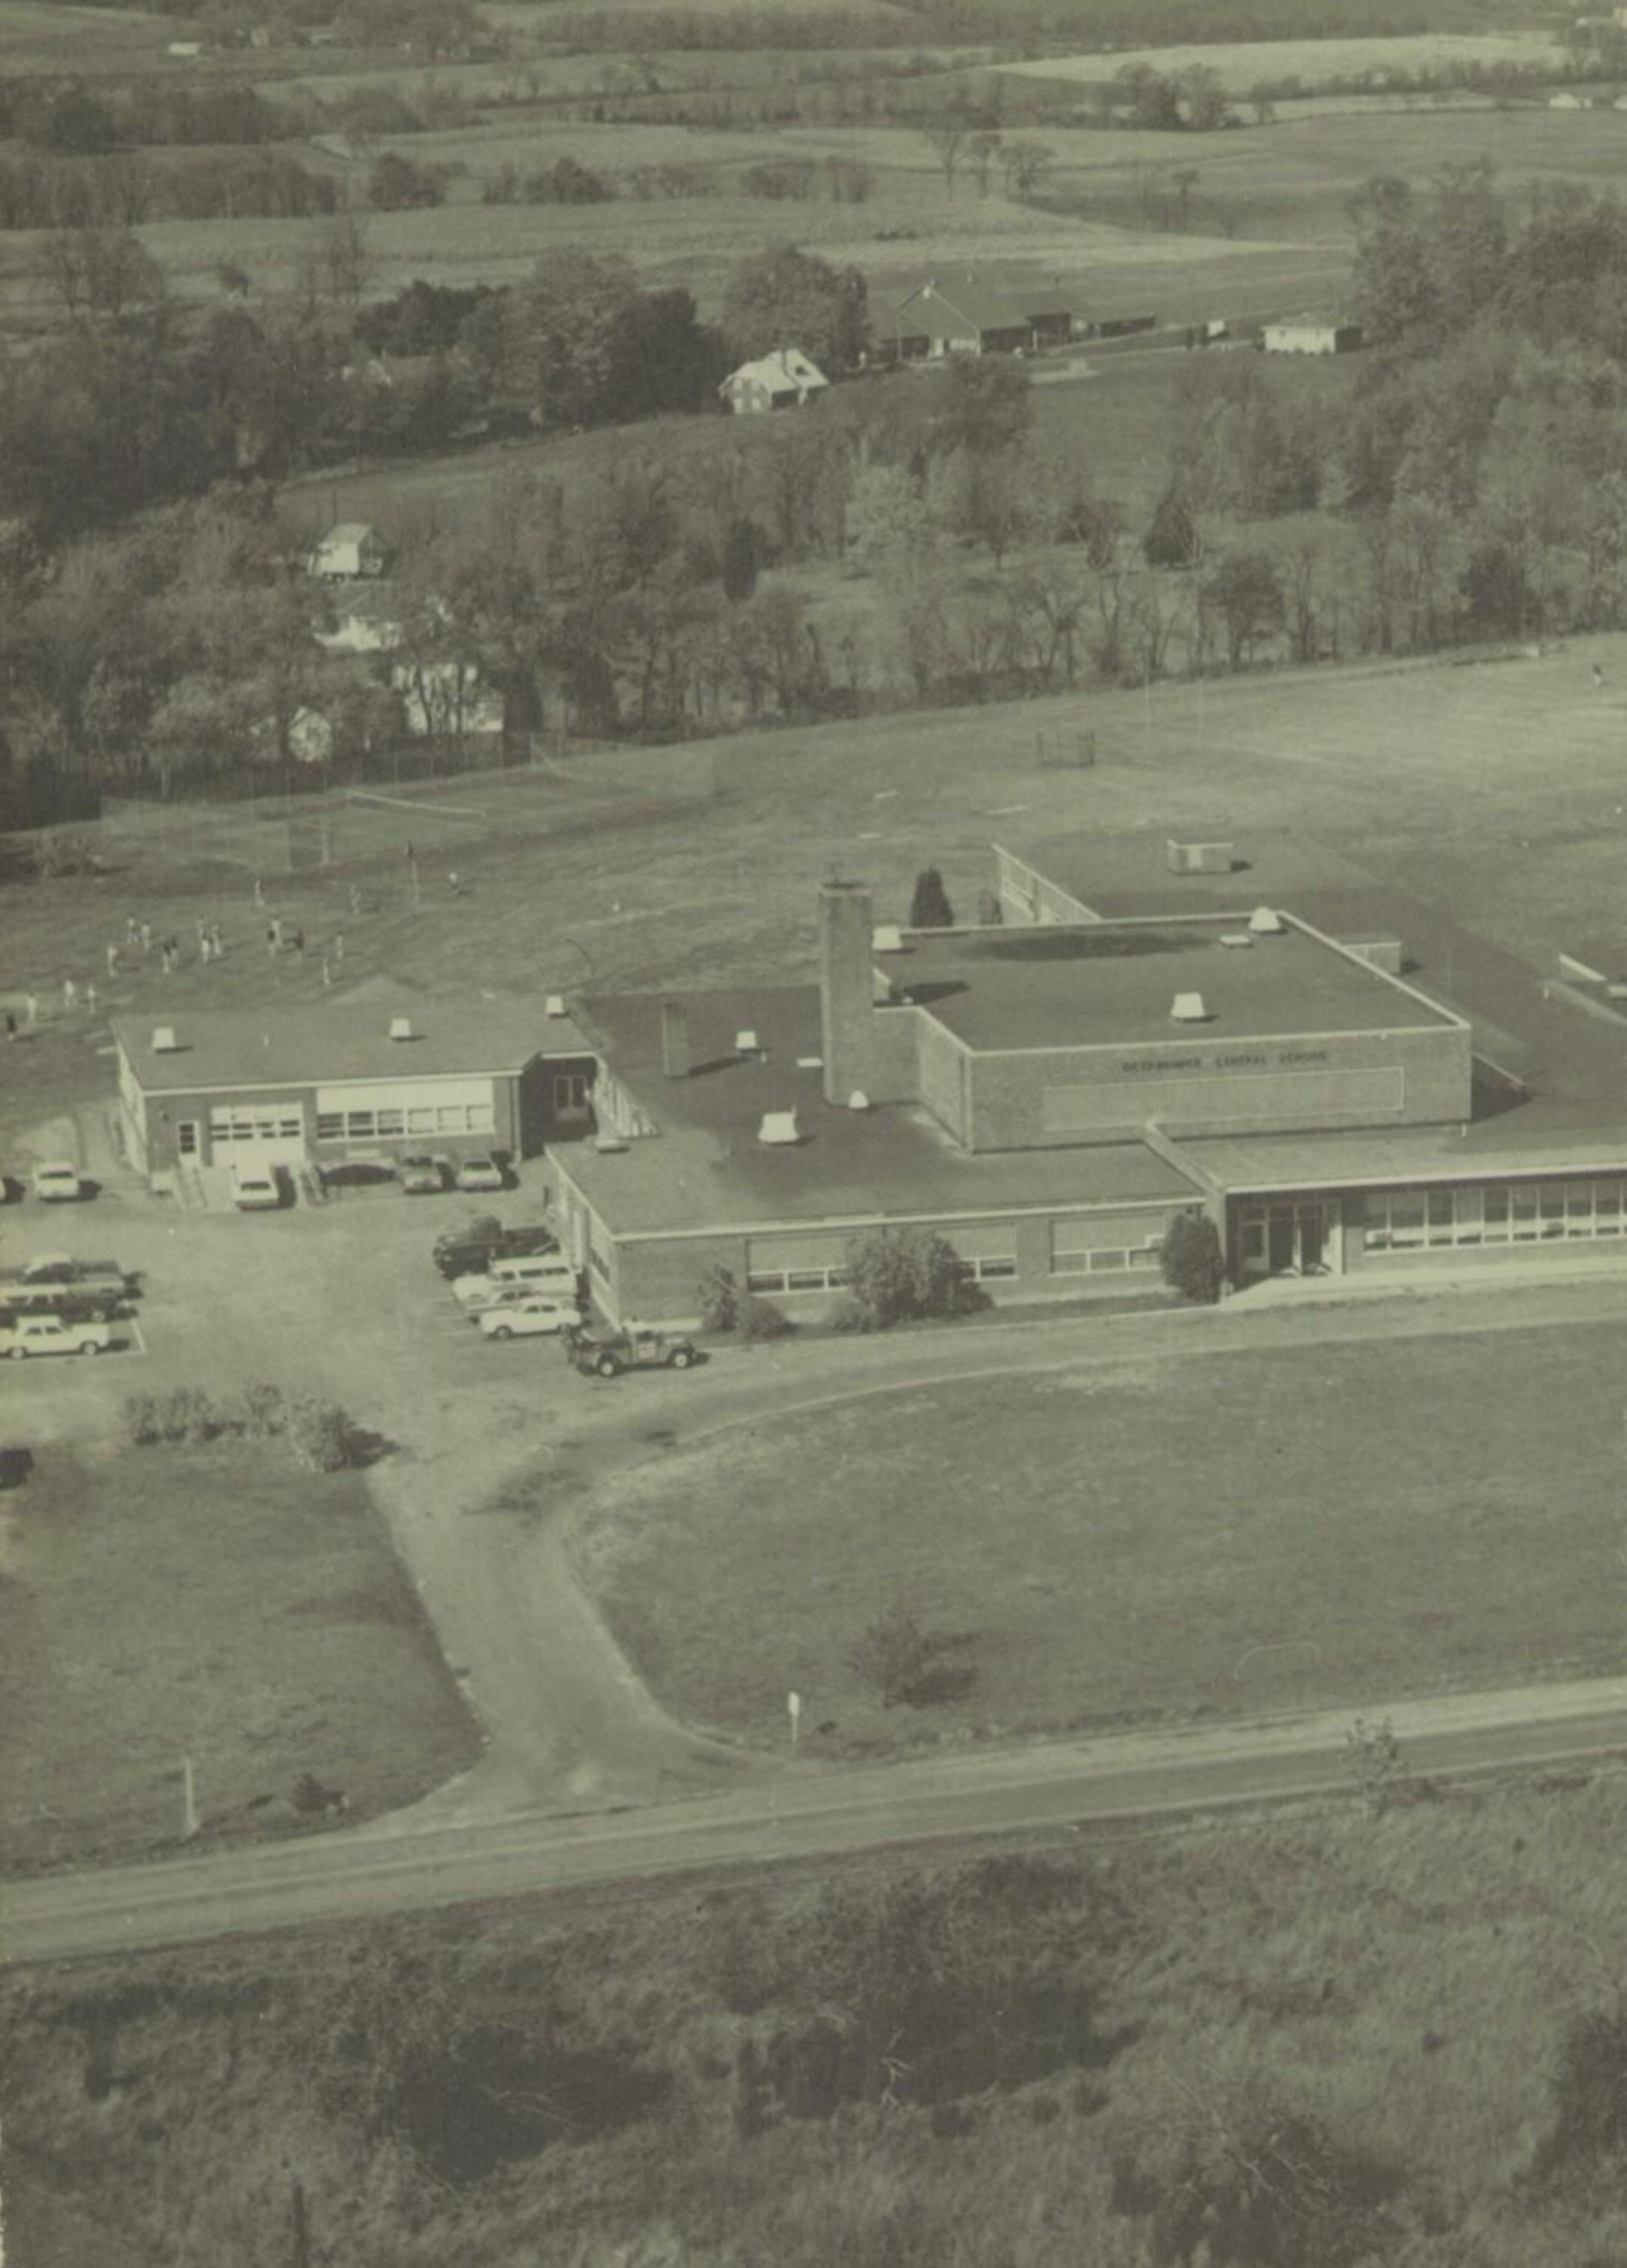
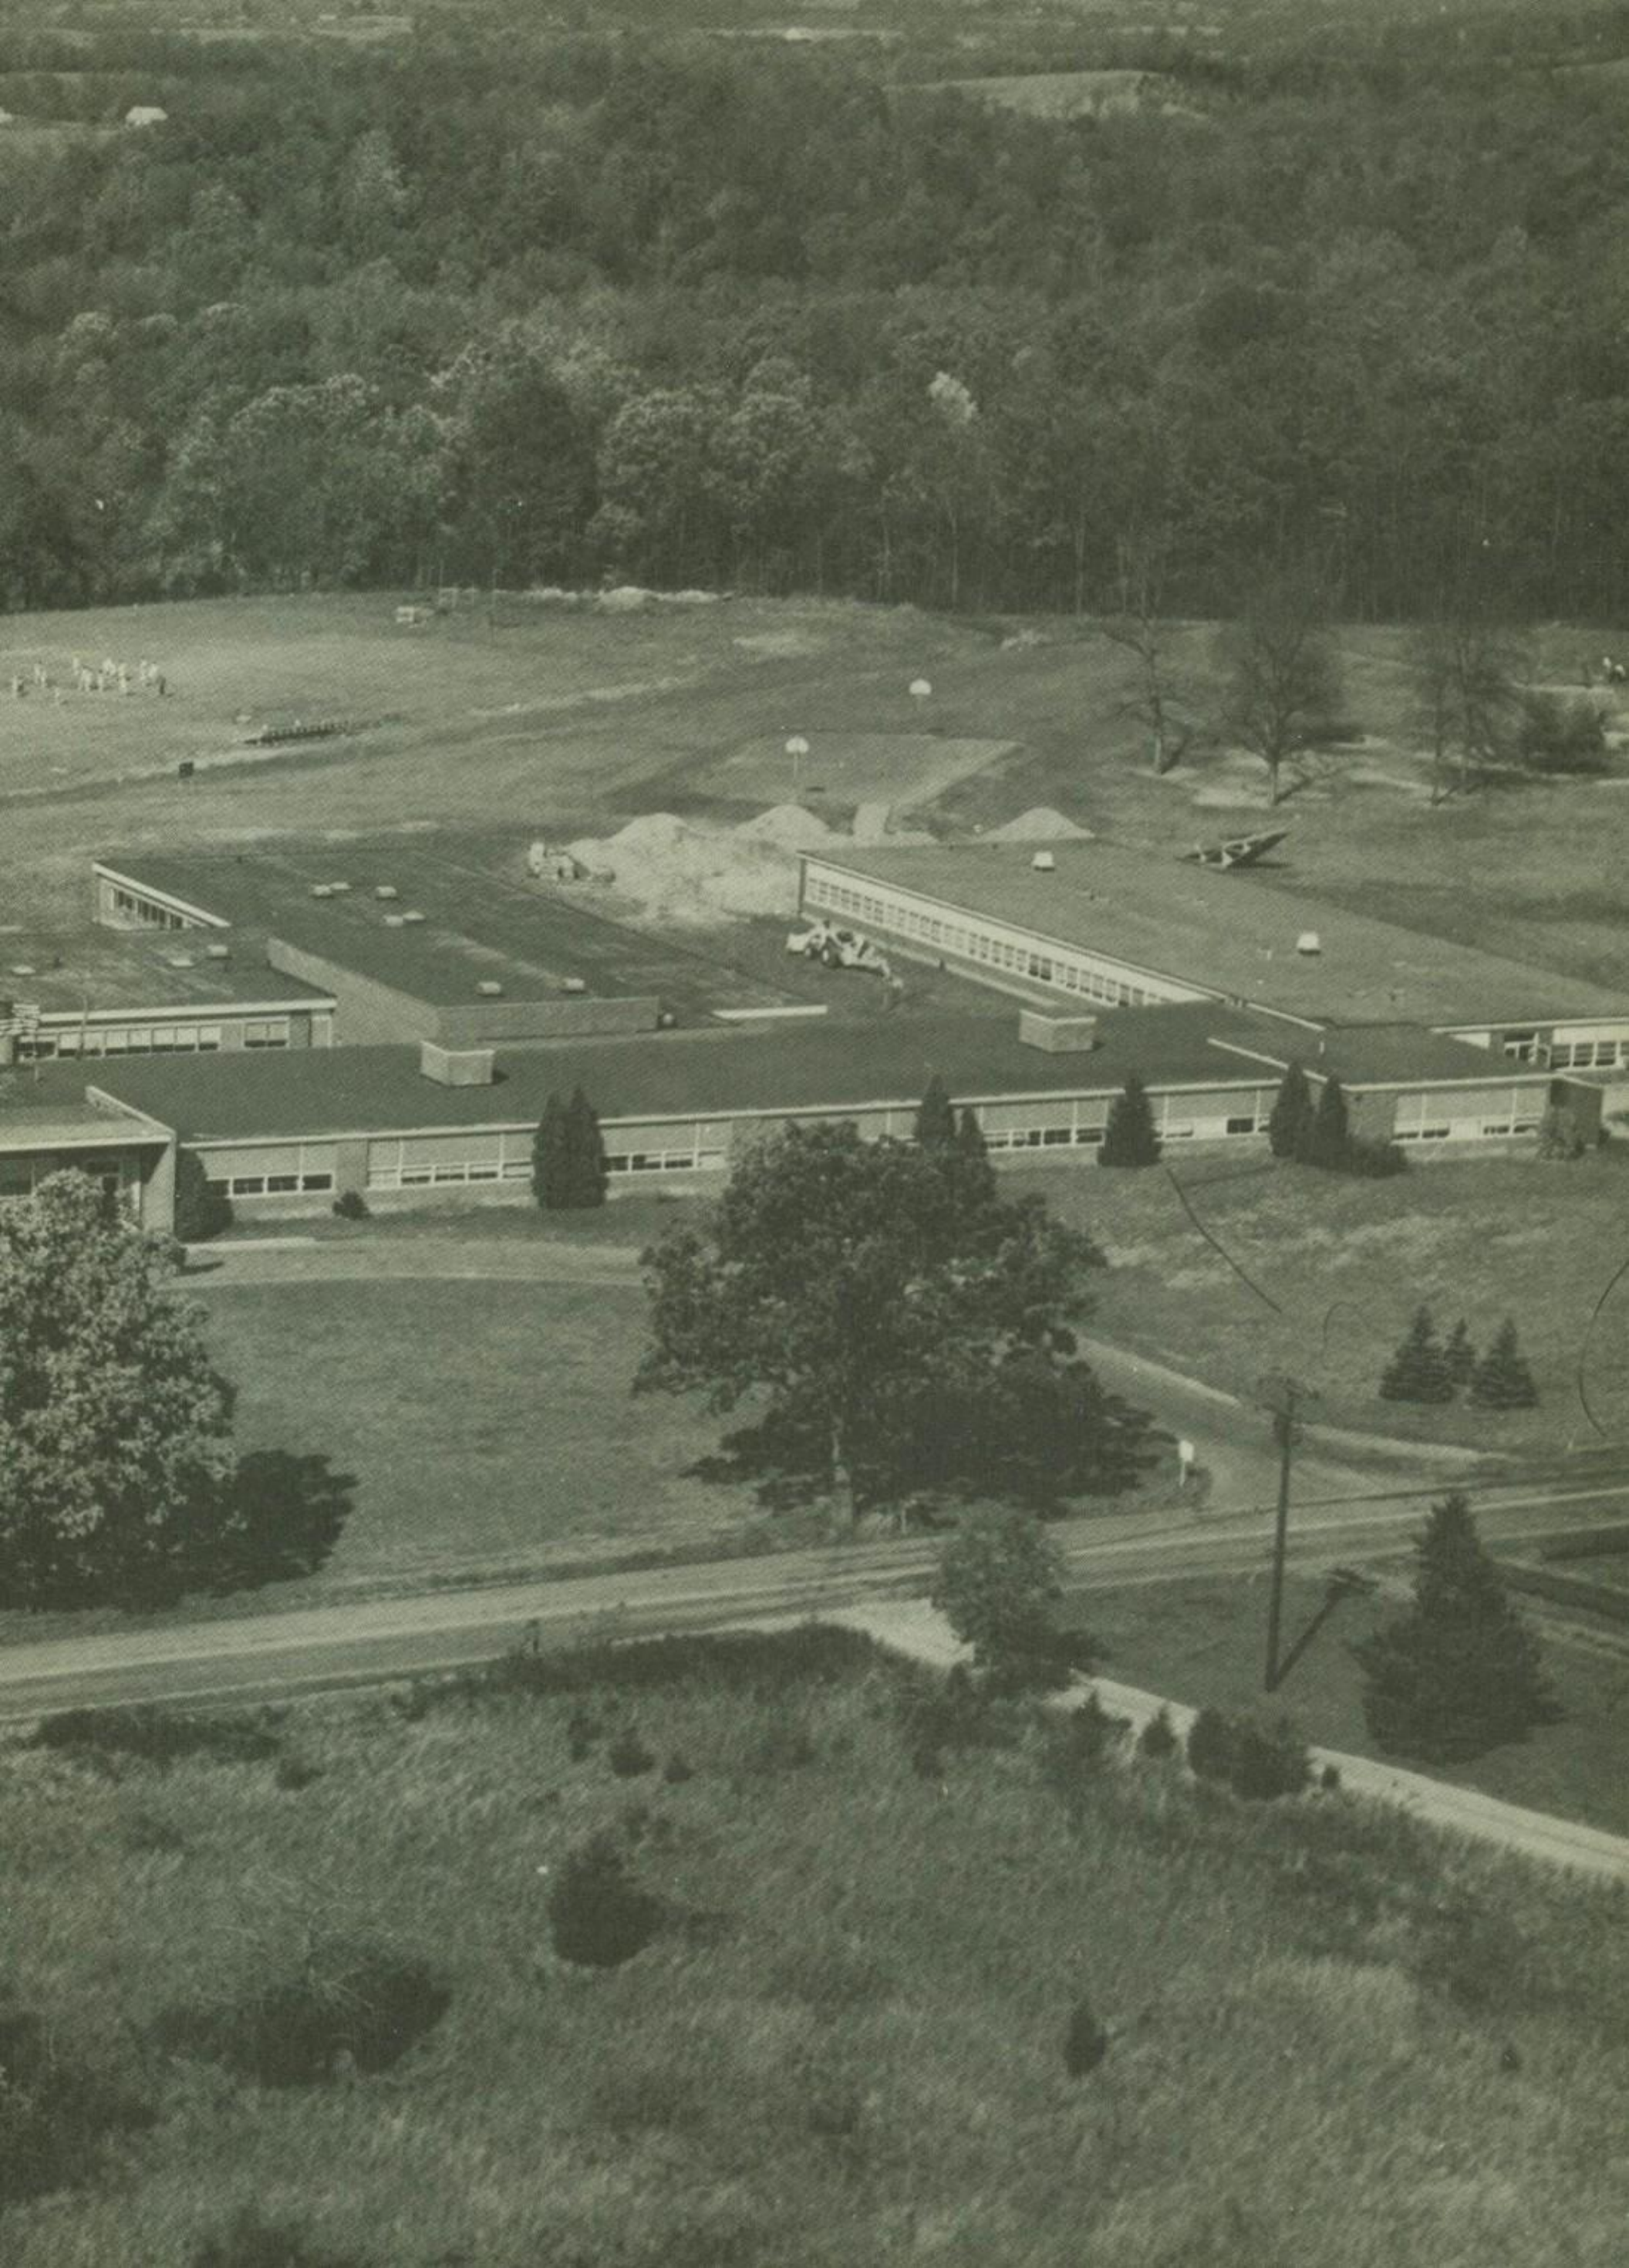
YOU



My thoughts came back of the old times,
and the memories just rolled by and settled in my mind,
like the early morning fog that forms over a lake.
I remember . . . the times that were warm,
the joy in laughing, the new ideas I'd shaped,
and the days that had ended when I'd really just begun.




- Tony Albanese
